

SERVICES & PRICES

All pets are given a massaging hand washed bath and hand blow out. We do not use Hydro Surge or any recirculating bathing system nor do we perform “kennel baths” (skipping blow-out completely and putting pet directly in cage dryer) as we feel they are short-cuts in the grooming process and do not clean, rinse, or dry your pet properly. We use all -natural shampoos with all grooming services unless a specialty shampoo is requested. We use a demat/de-shedding solution on all pets with excessive amounts of undercoat. We also hand blow dry every pet fully, unless dog is stressed or becomes irritable during drying process. Again, safety is our number one concern. We hand scissor and/or hand finish scissor every pet that requires a haircut.

Intro To Grooming for Puppies

Starts at \$28 for small breeds

Mini Groom / Bath and Brush

Starts at \$28 for small breed, short haired dogs*

Relaxing massaging hand wash, anal glands expressed (if needed), blow dry, brush out, nails cut, outer ear cleaned and examined

Partial Groom (frequently used in between full grooms)

Starts at \$38 for small breed dogs *

Everything included in Mini Groom plus, sanitary and pad trim if needed, and feet and face trim.

Full Service Groom

Starts at \$50 for small breed dogs *

Includes all services in Mini and Partial groom plus full body customized or breed specific hair cut and style. A longer hand-scissored cut or pattern cut (schnauzer, westie, toy poodle, for example will raise price)

**Prices listed are the base price of breeds of breed standard size in maintained condition. Extra charges will be incurred but not limited to pets that are matted, very dirty, excessively grown out, large for their breed, have excessive undercoat or have behavior or physical issues. Pets may also start lower in certain breeds with very little coat or are puppies. Longer cuts that require more customized hand scissoring may also raise price.*

** Small breeds would include but are not limited to Shitzu, Yorkie, Maltese, Lhasa, Havanese, Coton, Bichon, Pug, Beagle, Pomeranian, Cavalier, Mini Poodle and any mixes of these breeds of reasonable size. For example, a 35 lb Bichon will not fall under the small breed category*

Some breeds do not fall under every category of services. For example, a pug would never fall under a Partial Grooming Service and only under a Full Service if they were getting shaved

** Prices are based on time. Small breeds are charged less per hour than large or giant breeds, which are more labor intensive.*

Cat Services

We do groom cats but will only groom a cat if the cat has NO behavioral issues, does not bite or becomes difficult during the grooming process. We will do our best but if the groomer or the cat is at risk to injury due to behavior then we will not continue the grooming process, therefore, we do not suggest having your cat groomed if it has never been groomed professionally or is of advanced age as the grooming process can be extremely stressful to cats that are not used to being professionally groomed

Shave down or Lion cuts start at \$80
Bath and Brush start at \$60

Al La Carte Services/ Addition to above Services

Hand-stripping starts at \$25 in addition to Full Service Groom price
